AGREEMENT REACHED

Party Leaders in Kentucky Agree on a Basis of Settlement.

MUST BE APPROVED.

The Agreement Provides for the Withdrawal of Troops and for Sessions of the Legislature in the Capitol Building.

Louisville, Feb. 6.—If the agreement drawn up last night at the conference of representatives of the Republican and Democratic administrations held at the Galt House in this city, is accepted and carried out, the strife which has rent Kentucky from end to end for the past few weeks, will be ended. The agreement was reached shortly after 1 o'clock this morning and arrangements were immediately made to have it drawn up and signed. This was slow work, however, and it was after 2 o'clock when the conferees separated. The Democrats gained nearly every point they contended for, and the Republican representatives, Lieutenant Governor John Marshall, General Daniel Lindsey and Attorney David Farleigh gave assurances that the agreement would be accepted by Governor Taylor.

The agreement provides that in order to leave no question as to the title of William Goebel and J. C. W. Beckham to the offices of governor and lieutenant governor respectively, the general assembly shall pass a resolution in joint assembly validating the acts on that subject since the legislature has been prevented by troops from holding its regular session at Frankfort. As soon as the legislature does this, Beckham's title to the office of governor is not to be questioned. The Democrats grant immunity to Governor Taylor and his associates from prosecution for treason, usurpation of office or contempt of court for what has been done since the shooting of Goebel. These matters are to be held in abeyance until next Monday.

The Republican legislature is to be withdrawn from London immediately and no filibustering or other attempts of this character are to be resorted to by the Republicans to obstruct the carrying out of this agreement in the legislature. The Democrats suggested that in view of the great crowds expected in Frankfort during the Goebel funeral ceremonies, the soldiers should be withdrawn. The Republicans asked that an adequate guard be left to protect Governor Taylor and his associates.

It was finally agreed to leave to Gen. Daniel Lindsey, one of the Republican conferees, the decision as to how many troops should be left to prevent a clash as a result, at the Goebel funeral, the Republicans to begin at once to the withdrawal of the troops from Frankfort.

It was agreed that the board of election commissioners, sitting as a contest board, should be allowed to meet at Frankfort without molestation, the Democrats agreeing that no summary action be taken on these contests and that nothing be done without due hearing of evidence and argument.

The Republicans asked that some provision for a repeal or modification of the Goebel election law be included in the agreement. The Democrats agreed that to two leading Republicans and two leading Democrats should be left the matter of suggesting changes in the Goebel law, believed to be wise.

The acceptance of this agreement by the principals is the only element of uncertainty now remaining in the situation. Naturally there is no objection from the Democrats and the attitude of Governor Taylor will be known today.

How accurately the Republican conferees represent Governor Taylor, or how necessary the latter's acquiescence is necessary to the carrying out of the plans agreed upon, can only be determined by the events of the next 24 hours.

It is probable that the Republican policy was materially influenced by the following telegram:

"Washington, Feb. 4.—Hon. W. S. Taylor: The unanimous sentiment here is that you are wrong in preventing the legislature from meeting and that you should submit the disputed questions to the civil courts. Federal assistance cannot be given you on your requisition so long as the legislature is in session or can be convened. There is no doubt but that it can be convened. The Democrats intend that if any violence occurs, you shall be the aggressor. You will by forcible resistance alienate all who formerly sympathized with your case. No assistance. Answer."

"W. J. DEBOE."

LONDON LEGISLATURE.

Thirty-Five Republicans and One Anti-Goebel Democrat in Attendance.

London, Ky., Feb. 6.—Altogether 37 representatives and 9 senators have arrived. Senator Hayes is the only Democrat present and he is of the anti-Goebel stripe.

A caucus was to have been held at 4 o'clock yesterday afternoon, but owing to the fatigue from travel, it was decided to postpone the hour until 7 o'clock. Members of the house and senate held separate and secret caucuses at that hour in the circuit court rooms. Committees were appointed to draft resolutions upon the death of Governor Goebel. Senator Jolly was nominated president pro tem of the senate, but no other action was taken.

Senator Hayes, anti-Goebel Democrat, did not attend the caucus. The following resolutions of respect will be submitted by both houses at the opening session of the legislature today: "Whereas, Senator Wm. Goebel, an honored member of the senate of Kentucky, died on the third day of February 1900, his death being caused by assassination, therefore, be it

"Resolved, by the senate of Kentucky that we deprecate and deplore the serious crime which caused his death, believing that assassination is an utterly indefensible and cowardly and heinous offense against the laws of God and man; that in honor of our late colleague the senate will stand adjourned until Thursday, Feb. 8, 1900."

ALLOWED COMMISSIONERS.

They Enter the Capitol Building, but Could Not Transact Business.

Frankfort, Feb. 6.—The rule that no citizens should be allowed to enter the capitol building, which has prevailed since the legislature was compelled to leave it one week ago, was relaxed Monday afternoon in favor of the state board of election commissioners. They were permitted to enter their offices in the capitol for the purpose of attending to some routine work relative to the contests made by the Democratic candidates for the minor places on the state ticket at the Taylor-Goebel election. They were kept waiting for an hour at the south gate of the capitol grounds before they were admitted however.

The lawyers were stopped at the gate. The commissioners went to their office in the building and remained only for a few minutes as they were unable to attend to their work there without the assistance of the attorneys. No action was taken in any of the contests yesterday.

Post Mortem Examination.

Frankfort, Ky., Feb. 6.—A post mortem examination of the body of Governor Goebel was held last night under the direction of Dr. E. E. Hume. The physician refused to say what was learned from the examination.

The train bearing the remains of Gov. Goebel left Frankfort early this morning for Covington. It had been the original intention to leave Frankfort Monday evening, but it was found necessary owing to the delay caused by the post mortem examination to alter the plans.

Clark Case Resumed.

Washington, Feb. 6.—The senate investigating committee in the case of Senator Clark, resumed its session Monday. Several witnesses were heard, the evidence tending to impeach testimony offered by the prosecution.

Initial Meeting Held.

Washington, Feb. 5.—The newly organized Republican congressional committee held its initial meeting Monday for the selection of officers. Representative Babcock of Wisconsin, was elected chairman for the third time with Representative Sherman of New York, as vice chairman. Representative Overstreet secretary, and W. B. Thompson treasurer.

The Hague Treaty Ratified.

Washington, Feb. 6.—The senate Monday in executive session ratified The Hague peace treaty, also the extradition with the Argentine Republic.

Woman Fatally Burned.

Whitewright, Tex., Feb. 6.—Mrs. J. M. Pennington was fatally burned here. The only person present was a 3-year-old daughter, who gave the alarm, and when neighbors reached the house Mrs. Pennington was in bed and she was found to be burned from the chin down, but still able to recognize callers. As yet no one knows how her clothes were ignited. The attending physician says he does not see how she can recover.

Davis at the Front.

Lorenzo Marquez, Feb. 5.—Webster Davis, ex-assistant secretary of the interior, accompanied by a party of friends, is at the head laager of the Boers at Ladysmith and is closely inspecting the camps and positions around the besieged town. The German consul at Pretoria, Herr Biermann, is accompanying Mr. Davis on his trip to the Boer head laager.

Convict Guards Killed.

Little Rock, Feb. 6.—Two state convict guards, W. F. Harlan and A. J. Ranford, attempted while drunk Sunday night to terrorize the town of Portland. They resisted the local officers

We buy everything, and our cash paying methods of buying chickens and eggs in any quantity they come from coop-fulls to car load lots if offered that way, have made Bryan famous throughout this section as a produce market.

A few who were hanging on to the edge of the business world by their eyebrows, have from time to time tried to measure merit with ours, but the people know who makes the prices and who always leads in buying and selling, and who never gets overstocked by one or two industrious old hens.

and both guards were shot and killed. Harlan came from Columbus, Ga., and Ranford from White county, Arkansas.

Killed by a Switch Engine.

Galveston, Feb. 6.—Robert Perkins, aged 24, was run over and killed by a switch engine of the Galveston, Houston and Northern railroad. The deceased had been employed in the company's freight yards as a freight hand and when they were short of hands he acted in the capacity of switchman.

Thad Thompson Nominated.

Washington, Feb. 6.—The president sent to the senate the nomination of Thad A. Thompson of Austin, Tex., to be supervisor of the census of the tenth district of Texas.

Seven Cases of Smallpox.

Greenville, Tex., Feb. 6.—Dr. Milner county health officer, found seven cases of smallpox in the home of a family named Price at Kingston, 10 miles north of here.

WEDNESDAY, FEBRUARY 7, 1900

The pension roll now outnum-
bers the greatest standing army on
earth.

It sounds strange to read of 102
sunstrokes in one day in Febru-
ary, but that was the official re-
cord in Buenos Ayres, Brazil, last
Sunday.

The Wills Point Chronicle says:
"Having business at Henderson, a
few days ago, we took occasion to
enquire into the cotton mill pro-
ject now on foot there. The mill
is now an assured fact, and the
people are enthusiastic over it.
The plan they have adopted is
something like this: The organi-
zation has been capitalized for
\$100,000, the shares being made
\$25 each. On the first call 10 per
cent is to be paid, and the balance
\$2 per share each month. Under
this plan most anybody can own
three or four shares, and the farm-
ers are owning a good deal of the
stock. They will soon let the con-
tract for the building, and hope to
get the mill in operation for next
season's crop. Already they have
received offers to take all their out-
put for some time after they get in
operation. Henderson is a good
town, with progressive, enterpris-
ing people."

A bill has been introduced by
Congressman Shackelford, of Mis-
souri, which if passed, will knock
the props from under the paper
trust. The same remedy—putting
trust-made articles and the raw
material used in their manufac-
ture, when such raw material is
imported, on the free list—would
break up other monster trusts
which are robbing the people. As
the paper trust goes right into the
pockets of the newspaper men, it
may be that republican editors
will bring enough pressure to bear
on the republican members to help
the democrats pass the bill.—

stitute and as soon as they left,
the girls got drunk." The comma
belonged after "girls," and the lat-

TEXAS LEGISLATURE.

The Tax Bill Returned to the House by
the Committee.

Austin, Feb. 6.—The committee on
revenue and taxation presented its re-
port on the tax bill in the house yester-
day. It was ordered read and took un-
til 4 p. m. to complete it.

Mr. Powell offered the following res-
olution which was adopted:

"Resolved, That bill No. 1 (tax bill)
be considered as follows: Begin with
chapter II and consider each article and
subdivision thereof consecutively all
through the entire bill, considering the
caption, enacting clause and first
chapter last."

No action was taken on the bill, but
the occupation tax received some atten-
tion.

Some other routine work was dis-
posed of.

In the senate Mr. Dibrell introduced
a bill appropriating \$165,000 to cover
deficiencies in the support of the state
government, in line with the governor's
recommendation.

Mr. Turney introduced a bill appro-
priating \$25,500 for additional clerks in
the general land office and \$25,360 for
the same purpose in the state treasury
department.

The pending business, the bill provid-
ing for the partitioning of the public
domain and compensating the school
fund, on third reading and final passage,
was laid before the senate.

There were some slight changes made
and the bill passed by a vote of 20 to 2.

The senate next considered a bill by
Mr. Morris, fixing the salaries of the
superintendents of the three state insane
asylums at \$3000 per annum each, and
furnish at the expense of the state such
fuel, light, water, cooking, household
and table furniture and quarters as may
be required.

The bill was still pending when the
senate adjourned.

LOUISIANA REPUBLICANS.

They Indorse McKinley and Bliss and
Nominate a State Ticket.

New Orleans, Feb. 6.—The regular
Republican state convention, organized
by National Committeeman Wimberley,
met here Monday. Resolutions were
adopted indorsing William McKinley
for president and Cornelius E. Bliss
for vice president, and amid enthusiasm
Collector of the Port Wimberley was
made the national committeeman for
Louisiana.

The convention was unique in the his-
tory of the state. A majority of the
delegates were white men and there was
a noticeable absence of that wrangling
and inharmonious which has generally
characterized Republican conventions.
The following state ticket was nomi-
nated by acclamation:

For governor—Eugene S. Reems
Lieutenant governor—Ferdinand B.
Earhardt.

Treasurer—Benjamin J. Bloomfield.
Auditor—Joseph W. Forsythe.
Attorney general—Judge Robert P.
Hunter.

Superintendent of education—Dr. D.
M. Lines.

Mr. Reems is a wholesale grocer and
director in the St. Charles Street rail-
way and several banks. Several hundred
delegates representing all parishes in
the state were present.

Double Tragedy.

Nashville, Tenn., Feb. 6. — News
reached here tonight of a double tra-
gedy which occurred last night during
a dance at the house of D. L. Adams,
a farmer, six miles from Liberty, DeKalb
county, in which Charles Baswell was
instantly killed and his brother, Hurt-
rell, mortally wounded by Henry and
Joe Davis, brothers. The shooting is
said to have grown out of a quarrel
over a lantern. The Davis boys es-
caped, but were captured later. Each
brother charges the other with the
shooting.

New Strata of Gas.

Independence, Kan., Feb. 6 — Devel-
opments in drilling for natural gas in
the Kansas field indicate the discovery
of an entirely new and heretofore un-
known strata of gas. Gas in Montgom-
ery county has been found at the depth
of about 600 to 800 feet, but the well
being drilled between here and Cherry-
vale was dry at 800 feet, and after some
hesitation, the drillers concluded to go
deeper. A little over 1000 feet found a
good flow of gas, which is now in this
field.

Vein of Liquid Asphaltum.

Austin, Feb. 6.—A large vein of pure
liquid asphaltum has been struck in a
well a few miles west of here in this
county. It is believed from the out-
ward indications that a large deposit of
the mineral exists in that locality. A
number of test wells will be put down.

£5000 in Transvaal gold seized last Oc-
tober on board the steamer Avondale

"AN ORIGINAL IDEA."

The American, at Owosso, Mich.,
says: "A crowded house greeted
Mr. and Mrs. Francis Labadie in
their new duologue entertainment,
entitled An Original Idea. The
program was exceptionally good
and of high standard. The enter-
tainment was far above the ordi-
nary. The little sketch is filled to
the brim with witty sayings which
are so equally mixed with thrill-
ing situations and pathos of the
Shakespearean scenes that the
hearer is impelled to laughter and
admiration almost the same mo-
ment. Mr. Labadie has an ideal
conception of his part and Mrs.
Labadie becomes a favorite at
once. Her voice is a great treas-
ure, being full of a certain indis-
cribable richness."

The above excellent attraction
will be at the Opera House, Thurs-
day night February 8th. The per-
formance will be given as a benefit
for the Knights of Pythias to help
them purchase new paraphernalia
for their lodge room. Price of ad-
mission down stairs 50c, children

Brains and money. It will be a very sorry day for this

IN MEMORIAM.

On Friday morning, the 2nd of February, 1900, we laid away in the grave what was mortal of Mrs. Eliza A. Pearson, at the Wixon church cemetery.

Our sister was the relict of Z. P. Pearson, who came from Coosa county, Ala., to Brazos county, soon after marriage, in the latter part of the decade of the Sixties, and died many years ago, leaving his widow and six children: James A. Pearson, Mrs. Fannie Bumpass, Rev. J. W. Pearson, Mrs. Mollie Collier and P. M. Pearson, by a former marriage, and Mrs. James Darwin, the only surviving fruit of this marriage.

Mrs. Pearson united in early life with the Cumberland Presbyterian church by profession of faith, and from the testimony of those who knew her, she devoted her life of more than three score years to the faithful service of the Master and her fellow-men.

In proof of the high esteem held for her by her neighbors and friends, there was a large gathering at the church to honor her memory and take part in paying the last tribute of respect due the bodies of our beloved dead. In humble faith upon the word of God we laid her body down in the bosom of Mother Earth, to come forth in the resurrection morn transformed into a glorious, honorable, incorruptible body of power fitted for the Spirit's use.

She has gone to her reward, but we who are left behind in sorrow and in tears, will not say, "farewell, loved one," but "au revoir," for with God's blessing we expect soon to meet her again in that bright world beyond. Yes, we shall meet again. Blessed hope! It cheers the heart in the darkest hour of grief and pain.

How blest the righteous when he dies!
When sinks the weary soul to rest;
How mildly beam the closing eyes,
How gently heaves the expiring breast.

Farewell, conflicting hopes and fears,
Where lights and shades alternate dwell;
How bright the unchanging morn appears;
Farewell, inconstant world, farewell.

NOTHING FROM BULLER.

War Office Still Deny He Is Making any Advance.

London, Feb. 6.—This hoping, fearing, doubting nation, remains at the mercy of every wild rumor. The impression that Buller's forces are fighting will not die out in spite of the continuous asseverations of the war office that it has no news to confirm that belief.

From Cape Town comes the statement that nothing has been heard there in regard to Buller's recrossing the Tugela river, while Roberts, in a dispatch dated Monday, reports no change in the situation. In view of the latter's dispatch it seems hard to credit circumstantial reports of the engagement of Buller's troops.

In other parts than the Tugela the conditions are scarcely more satisfactory. It is intimated that French intends to attack Norval's Point with an overwhelming force of infantry. While news of sharp fighting in the neighborhood of Colesberg can be fairly expected within a few days, it is not likely it will assume greater proportions than reconnaissance and skirmishes for the purpose of holding the advance portion of the forthcoming main advances by the way of Bloemfontein, for French is strategically prohibited from running any serious risks.

From Kimberly and Mafeking there is nothing new, so it can be presumed the intermittent bombardment of those places continues.

WHERE BOERS GOT ARMS.

Bought Immense Quantity from France Two Years Ago.

Washington, Feb. 6.—By way of the preparation for the great struggle now in progress the Boers in the year 1898 bought from France alone guns, swords, carbines, pistols, cartridges, lead, zinc, powder, caps, fuses, etc., to the invoice value of \$386,000, according to a report to the state department from United States Consul Covert at Lyons.

The consul quotes his figures from a recent report of the French consul general in the Transvaal on the resources of that country. He adds that it is probable that several times this amount was imported in arms of which no account was taken. The French consul general also reports that the French stockholders in the Transvaal mines are moving for a combination of German, French and Dutch interests, inspired by a fear that no matter how the war ends, the mines will be obliged to bear the cost.

The general opinion in France, according to the consul, is that the Boers will be inclined to favor France as against other countries when the war is over.

The French consul general is quoted as saying that France does not enjoy the share of trade in the Transvaal she is entitled to.

Cape Town, Feb. 6.—The Argus announces that 90 guns have been dispatched from Pretoria to the front and the Pretoria forts have been practically denuded of artillery.

OPPOSE RATIFICATION.

Some Senators Against the Clayton-Bulwer Treaty Agreement.

Washington, Feb. 6.—At a hurried called meeting of various senators it was determined to oppose the ratification of the Clayton-Bulwer treaty as it applies to the Nicaraguan canal, which was abridged on Saturday. The leaders in the opposition are Senators Platt and Hawley of Connecticut, and Mason of Illinois.

The treaty is regarded, in effect, by some of the most conservative senators on both sides as an offensive and defensive alliance with Great Britain; that it closely associates the two countries in the control of a purely American project and that under its provisions the United States abandons the right to defend its own property in return for the promise of assistance from Great Britain whenever assistance for the maintenance of the canal's neutrality shall be requested. Instead of the treaty being ratified promptly, the opposition to its acceptance in the present form will insist upon its being referred to the committee on foreign relations for revision and with instructions to insert the following: "The contracting parties further engage that when the canal shall have been completed, the government of the United States shall have the right, in case the United States is at war with any nation, to take temporary possession of, defend and fortify the canal or its approaches without prejudice to the commercial rights of any other nation guaranteed by the neutrality of the canal."

There seems to be no doubt that the treaty in its present shape cannot get through this senate.

HAS NOT YET SIGNED

Governor Taylor Is Considering the Louisville Agreement.

FUNERAL OF GOEBEL

The Remains Taken to Covington and Many Visitors Pay Their Respects.

Interment Thursday at Frankfort—House Session.

Frankfort, Feb. 6.—Governor Taylor refused for the time being at least to sign the agreement reached at Louisville. He was closeted for a long time here with General Dan Lindsay, T. L. Edelen and T. H. Baker of Louisville, and finally told the gentlemen he wished time to consider and would let them know when he had reached a decision.

THE AGREEMENT.

Paper Drawn up by Leaders to Bring Hostilities to a Close.

Louisville, Feb. 6.—The peace conference held at the Galt House last night between seven representatives of the Republican party and seven representatives of the Democratic party resulted in the unanimous signing of the agreement embodying six specific propositions which promise a settlement of the party differences which have already brought about two state governments in Kentucky. This agreement is in substance as follows:

1. If the general assembly in joint session shall adopt a resolution ratifying the recent action, adopting the contest reports seating Goebel and Beckham, the contestees, W. S. Taylor and John Marshall, shall submit without further protest.
2. All parties shall unite in an effort to bring about such modification of the election law as will provide for non-partisan election boards and insure free and fair elections.
3. Conditions shall remain in statu quo until Monday, the general assembly meeting and adjourning from day to day until that time.
4. Nothing to be done to hinder or prevent the joint session of the general assembly for taking action or ratification of the resolution.
5. The state contest board shall meet and adjourn from day to day until Tuesday without taking any action on contests for minor state offices. This postponement is suggested in order that the action of the general assembly on the ratification of the resolution may be taken first.
6. State troops shall be removed from the state capitol at once, though with all necessary precaution for public safety. This matter to be under the direction of General D. A. Lindsay of Frankfort.
7. The Republican officials and officers of the state guards shall have immunity from charges of treason, usurpation or any other such offenses.

The agreement was signed by the following:
Republicans—John Marshall, Judge John W. Barr, General Dan Lindsay, T. L. Edelen, Dr. T. H. Baker, David W. Fairleigh and T. C. Ballard.

Democrats—J. C. S. Blackburn, J. C. Beckham, Sam J. Shackelford, Grey Woodson, James B. McCreary, Phil Thompson and Robt. J. Breckenridge.

The agreement in full was not given out last night as it was desired to first submit it to Governor Taylor for his signature. It was stated by Republicans present that Governor Taylor would agree to anything that all of them signed.

It was stated in the conference that the London session of the general assembly will be called off at once. The conference began at 5 o'clock yesterday afternoon at the Galt House and lasted until 2:30 this morning, when the typewriter was sent for and the agreement prepared and signed.

Until Monday, while the situation is in statu quo, Governor Taylor will remain in possession of the executive buildings, while the Republicans will recognize him and the Democrats will recognize Governor Beckham as governor. After the conference Governor Beckham at once took the train for Frankfort. Senator Blackburn and ex-Governor McCreary remained in Louisville over night. The course of events in the immediate future depends largely upon Governor Taylor. An important influence in shaping the Republican policy has been, no doubt, the lack of support from the national administration for the course pursued by Governor Taylor since he assumed office.

GOEBEL'S REMAINS.

They Are Conveyed to Covington for the Funeral Services.

Covington, Ky., Feb. 6.—The special funeral train bringing the remains of Governor Goebel arrived here at 8 o'clock this morning from Frankfort. It consisted of a baggage car with the casket and floral tributes, a coach for the pallbearers, judges of the appellate court, legislative committees and others and a Pullman with the relatives.

The body was conveyed to the Odd Fellows' hall, where the funeral services were held and where it lies in state. It was followed from the depot by a long procession.

The remains will be returned to Frankfort tonight and buried there on Thursday.

Excursionists reached this city from all adjoining counties. Many crossed the bridges from Cincinnati and visitors came from Bellevue, Dayton, Ludlow, The Highlands and other Kentucky suburbs. There was one procession of over 500 from Newport.

Business was suspended more completely than on Sundays, as it included saloons.

J. C. W. Beckham, Urey Woodson, Appellate Clerk Shackelford, Harry McKay and Penitentiary Warden Lillard arrived from Louisville and were among those who paid tributes of respect to the memory of Mr. Goebel.

House Session at London.

London, Ky., Feb. 6.—The house of representatives convened at 12:05 o'clock this afternoon on the ground floor of the Laurel County seminary. Representative Slack called the house to order and Rev. Ewell of London offered prayer.

Owing to the fact that Speaker Trimble was not present nominations for speaker pro tem were in order. Representative Bethurum was nominated and elected. He accepted the chair and was sworn in by Judge Brown of the circuit court.

Judge Faulkner of Barbourville was elected clerk pro tem and was also sworn in.

Resolutions of respect were introduced and adopted unanimously.

The house adjourned until 12 o'clock tomorrow.

ADVICES FROM MANILA.

Several Small Scraps Reported and Several Americans Killed.

Manila, Feb. 6.—Insurgents attacked the first battalion of the Forty-fifth infantry near Nice. A major and a captain were wounded and one sergeant killed, but details of the engagement are lacking.

Ships arriving from Legaspi report the insurgent General Pana has concentrated a large force about the top of the town and made a sharp night attack on Major Shipton's battalion of the Forty-seventh infantry, which occupied a large convent as a fort. One battalion and a battery sailed as reinforcements for Shipton. The casualties are unknown.

A corporal and four men while patrolling the railroad near Mabacalat recently disappeared, and it is supposed they have been captured. A searching party looking for them was ambushed and a corporal killed.

Stood by the Widow.

Sapulpa, I. T., Feb. 6.—Quite a sensation was created in this place by a committee of indignant citizens waiting upon a man and demanding that he return some property he had obtained from a widow named Bates for a batch of mining stock. It seems that the man has been working this confidence game in Sapulpa for some weeks, and has succeeded in securing considerable valuable property by representing to the victims that he is representing large mining interests located in Pennsylvania. When it became known that he had succeeded in obtaining all the property belonging to Mrs. Bates in exchange for his valueless mining stock, a party of leading business men of Sapulpa formed themselves into a kind of vigilance committee and demanded the return of the property to the rightful owner, which he promptly did, thereby avoiding possible violence.

Fined by the Commission.

Houston, Feb. 6.—W. H. Taylor, general freight agent of the Houston, East and West Texas and the Houston and Shreveport railways, has been advised that the railroad commission of the state of Louisiana, has entered a fine of \$250 against him. The penalty is assessed because Mr. Taylor advanced the rate of cotton over the line of the Houston and Shreveport railway, which has a line of 44 miles in Louisiana, being an extension of the Texas line. The advance in the rate was in operation three months before the commission found it out. He will ask for a rehearing.

Carnegie's Offer.

Washington, Feb. 6.—Andrew Carnegie, it is said, has informed Democratic senators that if anti-imperialism is treated as a leading issue he will make a larger contribution to the Democratic campaign fund than he ever did to the Republican national committee. By report his was the largest individual contributor in several presidential campaigns. The Democratic managers expect to get from him not less than \$1,000,000.

Will Extend to Coal Fields.

Guthrie, O. T., Feb. 6.—It is announced on good authority that the Santa Fe will extend the Hutchinson and Southern railway, which they recently purchased, from Ponca City, O. T., southeast across the Osage Indian reservation to the coal fields of the Indian Territory, in order to give them cheaper coal for their own use as well as supply southwestern Kansas.

Judge Taft Chairman.

Washington, Feb. 6.—The president has appointed Circuit Judge Taft of Cincinnati, chairman of the Philippine commission. He will sail from San Francisco about March 15. Judge Taft's place in the judicial circuit will be filled by Judge Severance of Michigan.

Dawson Gold Output.

Victoria, B. C. Feb. 6.—Advices from Dawson states that Dawson banks estimate that \$21,000,000 in gold will be taken out this season.
